

Panasonic Group IR Day 2025

SCM Software

December 2, 2025

Panasonic Connect Co., Ltd.

Yasu Higuchi, President / CEO

Disclaimer Regarding Forward-looking Statements

This presentation includes forward-looking statements about Panasonic Holdings Corporation (the “Company”) and its Group companies (the “Panasonic Group”). To the extent that statements in this presentation do not relate to historical or current facts, they constitute forward-looking statements. These forward-looking statements are based on the current assumptions and beliefs of the Panasonic Group in light of the information currently available to it, and involve known and unknown risks, uncertainties and other factors. Such risks, uncertainties and other factors may cause the Panasonic Group’s actual results, performance, achievements or financial position to be materially different from any future results, performance, achievements or financial position expressed or implied by these forward-looking statements. The Company undertakes no obligation to publicly update any forward-looking statements after the date of this presentation. Investors are advised to consult any further disclosures by the Company in its subsequent filings under the Financial Instrument and Exchange Act of Japan (the “FIEA”) and other publicly disclosed documents. The risks, uncertainties and other factors referred to above include, but are not limited to, economic conditions, particularly consumer spending and demands for corporate capital expenditures in the major markets including, but not limited to, the Americas, Europe, Japan, China and other Asian countries as well as changes of demands for a wide range of electronic products & parts from the industrial world and consumers in various regional markets; excessive currency rate fluctuations of the U.S. dollar, the euro, the Chinese yuan and other currencies against the yen having an impact on costs and prices of the Panasonic Group’s products & services as well as certain other transactions that are denominated in these foreign currencies; increased costs of or limitations on raising funds, because of changes in the fund raising environment including interest rate fluctuations; current or future political or social trends in and outside Japan or changes in rules & regulations of international trade, commerce, R&Ds, production or sales having impact on the Panasonic Group or the business activities in its supply chain; introduction or enhancement of rules & regulations or abolition or reduction of tax benefit or subsidy related mainly to the environment issues including the climate change as well as to responsible supply chain (in terms of human rights, labor, health & safety global environmental conservation, information security, business ethics and others); increased costs resulting from a leakage of customers’ or confidential information from IT systems of the Panasonic Group or its supply chain or business suspension caused by unauthorized access, cyberattacks or any other form of malicious actions on the IT systems or from vulnerability of network-connected products; failure to secure or retain enough workforces to execute its business strategy; failure to retain its competitiveness in a wide range of products & services or in major countries & regions; failure to produce expected results in alliances with other companies or M&A (mergers & acquisitions) activities; failure to produce expected results in current or future business transformations of the Panasonic Group; occurrence or lengthening of disruptions in its supply chain or logistics for or price hikes in parts & materials; downward price pressure or decrease in demands for the products at a level that can be offset with efforts by the Company; failure to respond to future changes in the market needs with technological innovations or to timely utilize new technologies such as AI (Artificial Intelligence); increased costs or losses caused by occurrence of events such as compliance violations (including those related to human rights or labor issues) or serious health & safety accidents in workplaces; increased costs or losses resulting from any defects or quality frauds in products or services of the Panasonic Group; infringement by third parties of intellectual property owned by the Panasonic Group or restrictions on the use of intellectual property owned by third parties; administrative/criminal penalties or compensations/damages claims resulting from violations of laws and regulations; large-scale natural disasters, global pandemics of infectious diseases, terrorism or wars; fluctuations in market prices of securities and other financial assets in which the Panasonic Group has holdings, excessive fluctuations of valuation of non-financial assets, including property, plant and equipment, goodwill and deferred tax assets, or changes or tightening of accounting policies or rules; The factors listed above are not all-inclusive and further information is contained in the most recent English translated version of the Company’s securities reports under the FIEA and any other documents which are disclosed on its website. This presentation is not an offer to sell or the solicitation of any offer to buy any security and any such offer or solicitation would only be made to eligible investors in accordance with applicable law.

Reasons for Focusing on Solutions Business

- Revenue is "ongoing" rather than "one-time" — Subscription, operation and maintenance
- Customer “churn” costs rise — Data services, updates
- Less susceptible to price competition and boasts higher profit margins

SCM Solutions

- SCM is core of customer operations and a growth area
- Source of added value at management layer is software
- AI and supply chain networks enhance added value of software
- SCM software is upper layer of Connect's focus area, “Gemba Processes”

<1> Growth area, <2> Scalable with SaaS,
<3> Standard package ratio and cloud ratio are still low

<1> Largest pure SCM player, <2> Most comprehensive (E2E) solutions portfolio, <3> Broadest customer and industry coverage

Advantages of Blue Yonder's Cognitive Solutions

**Cognitive = AI that is close to human cognitive abilities,
at a level that understands the meaning of information and data**

Conventional SCM

- Biased insight based on fragmented data
- Monolithic architecture
- Single tenant(Low scalability)
- Lift and shifted or Private Cloud (Low availability)
- Batch-driven(Low responsiveness)
- Limited solution interoperability
- Disparate UI

Blue Yonder's Cognitive Solutions

BY's established
ML /
optimize engines /
workflows

+

Ability to perform
large-scale data
(E2E) processing
in real time

+

Generative AI
(LLM)

Enabler = Unified Platform

- Rich insight based on unified data model
- Modern, Micro-service architecture
- Multi-tenant(High scalability)
- Cloud-native(High availability)
- Event-driven(High responsiveness)
- Interoperable workflows across planning and execution
- Common "Fractal" UX

<1> Cognitive AI, <2> Unified platform, <3> Supply Chain network, including end-to-end solutions

Core platform and network development is complete
Major solutions are largely finished, with full completion expected in FY2026

Blue Yonder's Priority Initiatives

- <1> Upfront investments including strategic investments in product development and tuck-in M&As
- <2> From 2026 onwards, a significant increase in Adjusted EBITDA is expected, driven primarily by migration acceleration to Cognitive/SaaS, fixed cost reduction measures, and profit generation impact

A strong, proven team that has successfully launched businesses in the SCM software industry

Strategic investment for product development will peak in 2025 and taper off through 2028
Significant improvement in Adjusted Operating Profit is anticipated

Strategic Investment in % of Revenue (addbacks)

Value Chain Control Tower is one of the foundational elements to achieve Honda's broader vision of integration with customers, dealers, suppliers

powered by  BlueYonder

Planning and execution solutions have been introduced across multiple businesses within group
Delivering management benefits such as increased productivity and improved delivery date response accuracy

Panasonic Connect
Mobile Solutions
Business Division

Nov 2020~

*U.S
Reduced Production Leadtime
- 50days (90 -> 40days)
Delivery Response Compliance Rate
+ 65% (20% -> 85%)

Panasonic Operational
Excellence
Procurement Dept.

Oct 2023~

Reduced # of purchase orders through consolidated orders/deliveries
- 65%(new) **- 84%**(changes)
Improved delivery date response accuracy
Accelerated supply-demand planning

Panasonic
Industry

Jul 2024~

Redefinition of business processes as part of implementation, transitioning to rule-based operations
Improvements are being promoted to achieve greater operational efficiency

NX・NP Logistics Co., Ltd.
Maihama Warehouse

Oct 2025~

Reduced inbound processing time (expected)
- 30%
On-site productivity (expected)
+ 20%

Leveraged Connect's technologies to evolve Blue Yonder solutions, and released new solutions designed for seamless integration with Blue Yonder, with numerous implementations and inquiries

Yard Management

Automate trailer gate checks
Continuously track trailers throughout yard

Implemented across a wide range of industries
including retail, logistics, and automotive

Robo Sync

Intuitive, multi-vendor robot control through visual programming with rapid-deployment templates and seamless integration with Blue Yonder and Rapyuta ASRS.

Numerous inquiries with
26 partners

Panasonic **CONNECT**

Adjusted EBITDA

Manage the business with a focus on adjusted EBITDA, adding back strategic investments, incentive compensation, and amortization related to growth investments (including M&A) as key resources for driving growth

Adjusted EBITDA and Key Components (Illustrative)

Optimizing entry and exit operations—the starting point of all activities in large logistics sites—through image recognition technology

Panasonic CONNECT × BlueYonder

FY25/3Q Fiscal Announcements

Blue Yonder: FY3/26

- ✓ Slowdown in YoY growth in SaaS ARR due to an increased churn rate caused by cyberattack issue
- ✓ Security enhancements are progressing as planned, and with improvements in churn rate, SaaS NRR is expected to gradually recover going forward
- ✓ With strong demand for "Cognitive Series" and orders from major customers, SaaS ARR is expected to increase over time

Quarterly SaaS ARR*1 trend for Blue Yonder (M US\$)

*1: ARR indicates secured annualized revenue during the year starting next quarter

Quarterly SaaS NRR*2 trend

*2: Net revenue retention rate with existing customers

Reference: Blue Yonder's KPIs

- Slowdown in YoY growth in SaaS ARR due to a deterioration in SaaS NRR, with an increased churn rate caused by disruption from data breach incident

Sales / Adjusted OP (Stand alone)

Steady growth in SaaS sales

SaaS ARR (Annual Recurring Revenue)

Continued QoQ growth; YoY growth slowed down due to a deterioration in SaaS NRR

Note: All figures except top-left chart are based on FY3/26(e) rates as of May 9, 2025 (USD: 140 yen / Euro: 150 yen) to exclude FX effect

Connect

Recurring / SaaS sales ratio

SaaS ratio remains above 50% due to continued increase driven by higher SaaS sales

SaaS NRR (Net Revenue Retention)

Maintain SaaS NRR above 100% with over 10% sales growth from upselling and cross-selling, despite an increased churn rate
